Unveiling Donor Wall to Honour Community Support

MISSISSAUGA, October 23, 2008 – Yee Hong Community Wellness Foundation is pleased to announce the unveiling of the new donor wall at the Yee Hong Centre – Mississauga. This distinctive and permanent wall in the Centre’s main lobby stands as a tribute to the tremendous generosity of donors who helped realise the Yee Hong dream of providing seniors the highest quality of life and culturally appropriate care.

“This unveiling ceremony is an event that honours your generous contributions,” says Dr. Joseph Wong, Founder and Chair, Yee Hong Community Wellness Foundation. “This is also a celebration of the accomplishment by a community that works together in response to the needs of our seniors.”

Today, Yee Hong is home to 805 seniors in four long-term care facilities in Mississauga, Markham and Toronto while serving thousands more through community programs, medical and rehab services.

“Yee Hong’s Best Care has long been recognized as the gold standard in the City of Mississauga and this province,” says Her Worship Hazel McCallion, Mayor of Mississauga. “We are proud to have such a well-developed nursing home in the City of Mississauga. Yee Hong provides the highest level of health care to our seniors and I urge you to keep donating your ongoing support to Yee Hong.”

Happy Birthday! In addition to the donor wall unveiling, Yee Hong is also celebrating its 14th anniversary as part of the evening’s festivities. This is an ideal occasion for Yee Hong to celebrate its achievements with its donors, supporters, volunteers and staff.

The mission of Yee Hong Centre for Geriatric Care, with the original location opened in 1994 in Scarborough, is to enable seniors to live life to the fullest – in the healthiest, most independent and dignified ways. The Mississauga location officially opened in 2003. In addition to the 200-bed nursing home, Yee Hong also provides senior adult day program, congregate dining and programs for active seniors.
